

ICFAS 2017

November 23-25, 2017 Auckland, New Zealand

2017 5th International Conference on Food and Agricultural Sciences

⇒ Conference Introduction

2017 5th International Conference on Food and Agricultural Sciences (ICFAS 2017) will be held in Auckland, New Zealand during 23-25 November, 2017. ICFAS 2017 is sponsored by the Hong Kong Chemical, Biological & Environmental Engineering Society (HKCBEEES). It is one of the leading international conferences for presenting novel and fundamental advances in the fields of Food and Agricultural Sciences. It also serves to foster communication among researchers and practitioners working in a wide variety of scientific areas with a common interest in improving Food and Agricultural Sciences related techniques.

⇒ Important Date

Paper submission (Full Paper)	Before July 10, 2017
Notification of Acceptance	On August 5, 2017
Registration Deadline	Before August 25, 2017
Conference Dates	November 23-25, 2017
Academic Official Visit	November 25, 2017

⇒ Good News

- Prof. Mohammed Mehdi Farid from The University of Auckland, New Zealand, Assoc. Prof. Susan Bastian from School of Agriculture, Food and Wine, The University of Adelaide, Australia and Dr. Wei Yu from The University of Auckland, New Zealand have joined as Keynote Speakers
- All papers of ICFAS 2017 will be published in Journal of Advanced Agricultural Technologies (JOAAT, ISSN:2301-3737), or International Journal of Food Engineering (IJFE, ISSN: 2301-3664), which will be sent to be reviewed by Ei Compendex, ISI Proceedings,

Engineering & Technology Digital Library, and so on.

- Academic Official Visit will be organized on December 25, 2017.

⇒ Call for papers

Topics of interest for submission include, but are not limited to: Agricultural Biotechnology/ Agricultural biotechnology & developing countries/ Agricultural Biotechnology regulations, rules & perceptions/ Animal biotechnology/ Application of artificial intelligence in food engineering research and in industry/ Protein and gene delivery systems/ RNA and DNA structure and sequencing/ Role of ag-biotech innovation for national and international competitiveness/ Ruminant nutrition Marine Biotechnology/ Mathematical modeling and software development for food processing purposes/ Meat science/ Microbiology/ Food Nutrition and Evaluation/ Food Packaging, Materials and Equipments/ Food processing, preservations and packaging/
